

21st October 2021

Dear Parents and Carers,

Thank you for your continued support with Covid-19 home testing. We know how important it is for you to be able to send your children to school.

We are recommending that all students continue self-testing at home and [report](#) results twice a week, throughout the October half-term school holiday. We would also advise them to take a test before returning to school. If your child receives a positive test they will need to inform the school and book a confirmatory PCR test.

We have already distributed home test kits to all students that required more last week, to ensure that they have a sufficient quantity to continue testing over the half-term holiday. Please check if your child has received enough of these test kits to continue testing over the half-term break. If you do still require more home testing kits to continue testing over half-term, you can order more [online](#) through gov.uk or collect from your local pharmacy.

By testing your child twice a week over half term, you will help us to reduce transmission of Coronavirus, keeping all students in school and allowing Kelvin Hall to remain open, minimising the disruption to the students' education and to you and your household.

Please contact the school directly, if you have any questions or concerns about home testing.

Thank you for your support.

Kind regards,

Mr James Shaw
Deputy Headteacher
Kelvin Hall School
